The total 2014 income of all owners and any spouses of owners residing on the premises must be \$84,550 or less. The definition of income is adjusted gross income for Federal income tax purposes less any taxable distributions from an Individual Retirement Account (IRA). Please see the instructions for a description of how to calculate your income from your 2014 Federal and State income tax forms.

All owners, including non-resident owners, must attach a copy of their 2014 Federal or 2014 State income tax return (if filed). (Tax schedules and tax form attachments are not routinely required.) **Return this form to your local assessor by taxable status date. Do not file this form with the New York State Office of Real Property Tax Services.**
