

The Broome County Environmental Management Council (EMC) in cooperation with the Broome-Tioga Stormwater Coalition once again invites community groups, organizations and individuals to participate in the annual Broome County Riverbank Cleanup.

The Broome County Riverbank Cleanup is your opportunity to

help keep our waterways beautiful. Over the years volunteers have helped collect several tons of trash and debris from County waterways.

The 33rd Riverbank Cleanup will be held on Saturday, October 5th, 2017 from 9:00 am – Noon.

Participants must preregister by September 30th. The EMC will provide your group with supplies as available, arrange to have your trash picked up, and help you to select a location.

You can find more information and register online at the Environmental Management Council website www.gobroomecounty.com/emc/riverbankcleanup. On the website you can also find a link to a map of cleanup sites. *If you know of a site that is not listed and in need of cleaning please notify us at BLucas@co.broome.ny.us and we can try to arrange for a group to clean at that location.*

You can find the event on Facebook here: <https://www.facebook.com/events/505495633608805/>
